

Experimental Aircraft Association

Chapter 66 Ft. Myers, Fl. Page Field

# 66 SQUAWK SHEET

## PI C Briefing

[WWW.EAA66.ORG](http://WWW.EAA66.ORG)

When was the last time you checked our web site

October 2007

Last month I talked about how important volunteer's are to the chapter. Now I'm going to tell you where volunteer's are needed for the up coming months.

Beginning with our 40th Anniversary. We will need 2 or 3 people to direct cars to an orderly parking. At the end of the festivities I'm asking for some people to stay awhile and help clean up and take down tents. If you would like to help set up, be there at 12PM. Denny Labbe is looking for a couple more airplanes for the fly-by. Hopefully experimental's. cell 239-410-5493.

At Aviation Day Nov. 17, we need help at our food concession. And I'm looking for home-built aircraft for our Homebuilt Corral. I have reserved spots for 6 to 8. I would like a verity of designs and construction material. I have no idea of who has what, so please contact me if you would like to participate. Even partially constructed are welcome. Let's show the public what we are about. Last year we had a great collection. Let's do it again. This year the airport is heading up the aircraft parking and is asking for two volunteer's from each club on the field to help.

Our Anniversary Celebration will be big. We have dinner reservations for 97. Some of our past members will be attending. We have already had two of them rejoin the chapter. Four of the Port Authorities personnel will be in attendance. On a side note. I know some people have some problems with the LCPA, but I hope they can be civil and not embarrass the chapter.

We also need people to run the chapter. Nominations and elections will be at November's meeting. If you want to have an impact on the direction the chapter will go, then talk to Denny Labbe, Len DeNardo, or Paul Preston. You can also announce your nomination at the meeting. You can do something now, or keep complaining.

There's always some need at our breakfast in some way. We really need Young Eagle pilot's. And we will be having work days at the chapter. Jim McClain took a survey a while back and one of the most recurring comments was for more steak dinners. For that to happen someone needs to come forward and buy and cook the steaks. Our past cooks are getting tiered. We still need a new newsletter editor. Don't make the new President have to appoint someone to do it that may not do it justice. I will help whomever to get started.

The Sundowners are having a dance Nov. 3 at the ACI hangar. Everyone is invited. See details below.

There is a movement happening at the airport to remove the members of the LCPA. I just want to remind everyone that you are welcome to state your opinion, if asked, about relations with the chapter, but do not speak as a spokesman for the chapter. That is the Presidents or his appointee's job.

See you at the party. If you didn't get your reservation in your still welcome to come and socialize and have a beer or soda. That is all, Paul Yocum

Venice has a new frequency  
122.725.

**NEW**

## Flight Plan

Novembers meeting will be taken up with nominations and elections and Aviation Day plans.

## Prop Wash

### You Might be a Redneck Pilot If:

1. Your stall warning plays DIXIE.
2. Your cross-country flight plan uses flea markets as check points.
3. You think sectionals should show trailer parks.
4. You've ever used moonshine as AVGas.
5. Your wheel pants have mud flaps with a chrome silhouette of a reclining nude.
6. Your toothpick keeps poking your mike.
7. You've ever taxied around the airport just drinking beer.
8. You wouldn't be caught dead in a Grumman Yankee.
9. You use an old sweet mix sack as a wind sock.
10. You constantly confuse "Beechcraft" with "Beechnut".
