

Experimental Aircraft Association

Chapter 66 Ft. Myers, Fl. Page Field

# 66 SQUAWK SHEET

## PI C Briefing

[WWW.EAA66.ORG](http://WWW.EAA66.ORG)

When was the last time you checked our web site

November 2007

If you didn't make it to our 40th Anniversary Celebration you missed a great time. The fly-by was well represented by the warbirds, a couple of certificated, and sadly only one experimental. Gee, I wonder what the "E" means in EAA. We had nearly 100 in attendance. The music was great and the food perfect. We all met old friends and put faces to names we heard before. I even discovered who were past presidents I didn't know were. I gave out several thank you awards for "Their Years of Service and Dedication". See awards below. Again I want to thank the people who organized and helped to set up and take down. The LCPA also donated \$500.00 toward our celebration. Tell them Thank You when you see them.

At Aviation Day Nov. 17, we need help at our food concession. And I'm looking for home-built aircraft for our Homebuilt Corral. I have reserved spots for 6 to 8. I would like a verity of designs and construction material. I have no idea of who has what, so please contact me if you would like to participate. Even partially constructed are welcome. Let's show the public what we are about. Last year we had a great collection. Let's do it again. Show me what the "E" means Please attend this months meeting if you are going to help at Aviation Day. If you can't make the meeting, be at the north ramp at 8AM. We only have two hours for set up.

Aviation Day is one of the few ways we make money for the chapter. But it needs your help to do it. Many members come to me and say they would like to help somewhere but see nothing they can do. Here is a perfect place. It takes no expertise or training. If we have more people than we need we can split into shifts.

Nominations and elections will be at November's meeting. If you want to have an impact on the direction the chapter will go, then talk to Denny Labbe, Len DeNardo, or Paul Preston. You can also announce your nomination at the meeting. You can do something now, or keep complaining. It's only a two year commitment.

We are making plans for a chapter Christmas Party Saturday, Dec.15. More details at the meeting and Decembers newsletter. Their will be a limit of 60 people.

With the ending of another year it means it's dues renewal time for the next year. You will be receiving a renewal notice in the mail in a few weeks. Please pay promptly. It will be your only notice.

That is all,  
Paul Yocum

## Notam's

Page Field Aviation Day  
November 17, 2007

Chapter  
Christmas Party  
Dec. 15

Next Meeting Nov. 13  
Next Breakfast Dec. 2  
Next Board Mtg. Dec. 4

Operation  
"LAMB"  
Leave A Magazine Behind

PGD Breakfast 2nd Saturday  
APF Breakfast 2nd Sunday

See this quote below. It's not mine. It's from EAA National.

**EAA is about participation: Be a member! Be a volunteer!**

**Chapter 66 mtg.**  
2nd. Tues. of each Month  
7:30 PM

**Ch 66 Board Mtg.**  
1st. Tues. of mth.

## Touch and Go

Do you check the web sites above or do you ignore this page altogether? The **Web Sites to Check** section is different each month. It's entertaining & useful information. It makes me wonder. Never once has anyone ever commented on any of the site links I have posted.

## Flight Plan

Novembers meeting will be taken up with nominations and elections and Aviation Day plans.

## Prop Wash

### **You Might be a Redneck Pilot If:**

11. You've never flown a nosewheel airplane.
12. You refer to formation flying as "We got us a convoy."
13. Your matched lightweight flight luggage is 3 grocery bags from Piggly Wiggly.
14. You have a gun rack in the window.
15. You have more than one roll of duct tape holding your cowling on.
16. You figure mud and manure in your weight and balance calculations.
17. You siphon gas from your tractor to go flying.
18. You've never landed at an airport though you've been flying for over 20-years.
19. You've ever ground looped to avoid hitting a cow.
20. You consider anything over 500-ft AGL as High Altitude Flying.
